

Remarks

This communication is considered fully responsive to the Final Office Action and Advisory Action. Claims 1-5, and 7-17 were examined. Claims 1-5, 7, and 13-17 are allowed. Claims 8-12 stand rejected. Claim 8 is amended. No new claims have been added. Reexamination and reconsideration of the pending claims are respectfully requested.

Allowable Subject Matter

Applicant appreciates the examiner allowing claims 1-5, 7, and 13-17. Applicant notes that the Advisory Action states only claims 1-5 and 13-17 are allowed. However, claim 7 depends from claim 1, which is allowed, and there are no indications that claim 7 is otherwise rejected or objected to. Therefore, Applicant believes this is merely a typographical error in the Advisory Action and that claim 7 is also allowed.

Applicant also appreciates the Examiner returning a phone call by the undersigned attorney, in which the Examiner indicated that he would consider another amendment after the Advisory Action if the amendment also put claim 8 in condition for allowance by incorporating the recitations from allowed claim 1 into claim 8.

Conclusion

The Applicant respectfully requests that a timely Notice of Allowance be issued in this matter.
